Design concept

In the use of aromatherapy machine, aromatic and soft light to bring you pleasure and relaxation, emoi designers feel, at this time, the music player, can reach a good feeling. Let your sense of smell, sight, hearing resonate. Emoi's first intelligent audio aromatherapy lamp, is a crossover design, four kinds of functions of aromatherapy, humidification, music and light together, through the emotional design, combined with intelligent technology, the product, the living environment and your emotional demands are linked together. With different oils, to bring you a different feeling. In the morning she brought fresh and pleasant, in the afternoon to bring physical and mental relaxation, in the night to bring stability and calm. Simple, functional and aesthetic continuation of the basic life of the emoi has always been the design style. Into your home and office environment, so you feel close, comfortable and relaxed. Looking forward to sharing with you a simple, beautiful, and sustainable way of life.
